solange.indaco@gmail.com
San Jose, CA

Software engineer with almost 4 years of experience in Java development, web application development, and Android mobile app development. Seeking to re-enter the workforce after a 10-year career break to raise my children. Eager to apply my expertise and passion for software development in a challenging and dynamic role.

Professional Experience

Career Pause

2013 – Present

- Started a family and became a full-time mom of two.

- In 2021, I relaunched my Android game, PipeDreamer, on Google Play with 1k+ downloads. https://play.google.com/store/apps/details?id=com.solange.pipedreamer.full

Revenue Development Foundation - Software Engineer

Apr 2011 – Feb 2013, London, UK, revenuedevelopment.org

- Maintained and improved the web application used for collecting and validating mineral extraction licenses for private companies in developing countries in Africa. sierraleone.revenuesystems.org
- Self-taught Groovy, Grails, and PostgreSQL to effectively work on the existing web application.
- Developed the organization's first mobile application on Android, enabling field workers to validate company work against granted licenses.

PipeDreamer / Android game - Personal project

August 2010 - March 2011

- Self-learned Android development and created a kid's game from scratch.
- Collaborated with a graphic designer from Argentina to ensure high-quality graphics for the game.

- Published the game on Google Play, achieving over 15,000 downloads and providing a fun and enjoyable experience for users.
  play.google.com/store/apps/details?id=com.solange.pipedreamer.lite

Urban Eye (Non-Profit) - Web Developer (Volunteer)

Feb 2010 – July 2010, London, UK, www.urbaneye.org.uk

- Assisted Urban Eye in integrating PayPal technology into their website, improving their online fundraising capabilities.

"Soluciones Integrales" - Java/SQL Developer

Aug 2006 – Feb 2007, Buenos Aires, Argentina

- Worked as a Java developer, contributing to the development of software solutions for water companies.
- Gained hands-on experience in Java development, enhancing my programming skills. J2EE, Oracle and Informix databases
